

We have 450 reasons to celebrate . . .

For the 2008-2009 academic year, 450 students received their bachelor's degree from seven of Maryland's leading public universities - after completing all of their courses from each of those universities at one site, the Universities at Shady Grove (USG), in the heart of Montgomery County. The entire USG community salutes their accomplishments, celebrates their graduations, and wishes them great success in making all of their dreams, in their careers and their lives, come true.
