

USG+C³ Flashbacks

VOLUME 1, ISSUE 1

NOVEMBER 2008

USG+C³ Launches Into Action!

USG+C³ is a group for any person who is a graduate of a program at the Universities at Shady Grove (USG). The groups mission is to link former students back to the USG

campus as well as to the surrounding USG community.

We will be planning several events throughout the year and hope that you can attend,

so please save the dates! Also, we ask that you please help spread the word about this group to all former students you know that have attended USG.

Get Involved as a Community Ambassador!

Are you looking for a way to get involved with USG+C³? If so then you're in luck! We are looking for former students to help give back the USG by becoming Community Ambassadors! It's simple!

All you have to do is to go online to the USG+C³ web site and sign up today! There are downloadable materials for you to print out and disperse to your HR department or to your community organization! We will

even mail your promotional posters to hang up at your place of business about USG!

In being a Community Ambassador for USG you will show the DC metro area how successful our graduates really can be!

Connecting you with USG Career Services...

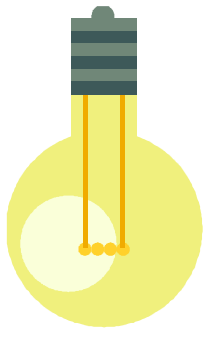

This past month, the CSC launched the USG Career Connector, a new on-line job bank and web based recruiting system that will help students and employers to connect easier and faster.

As a member of USG+C³, you are welcome to use this service too. We are very excited about the capabilities of the system,

including the ability to track where students complete internships and where you go after graduation. This will allow us to stay better connected with you and offer you easier access to the over 3000 students currently enrolled in programs at USG.

To obtain a student account contact the

CRC today! It comes in handy in case you ever decide to switch jobs and explore the positions posted on our website. You can even obtain an employer account, in case you want to hire a talented individual from the USG campus. Contact us at usgcareerservices@umd.edu

Graduate Spotlight: I/O Psychology

University of Maryland, Baltimore County (UMBC)' Master's in Professional Studies is the spotlight program for this issue. The program started Fall 2007 and is in full swing at USG!

This program offers an applied curriculum for early and mid-career students in the areas of human resources, personnel selection, and training and development.

The I/O Psychology program explores and inte-

grates important topics including organizational behavioral management, human factors and professional human resources practices.

Students gain advanced knowledge in the following competencies: Statistical Methods and Data Analysis, Ethical, Legal and Professional Contexts, Measurements of Individual Differences, Criterion Development, Job and Task Analysis, Employee Selection, Placement and Classifi-

cation, Performance Appraisal and Feedback, Work Motivation, and Organizational Development.

For more information about this program please contact the Program Director, Diane Alonso, at 301-738-6318 or dalonso@umbc.edu. Her office is housed on the fourth floor of the Camille Kendall Academic Center.
